Update – Ongoing projects

Mayor Bowling reported that the Man Hole project was about 99% complete. We got parts in to fix the old garage pump station so we can use it until we get the new one built. The booster pump station is now ready to order parts to do it.

Mayor Bowling stated we have a little setback on the playground equipment. They told us we should have it by the 1<sup>st</sup> of July, now it's going to be the 25<sup>th</sup> of August because they could not get chains for the swings. They are waiting on the chains to be manufactured.

Mayor Bowling stated that they were wanting to start on Main Street doing the water/sewer line project and I talked them into doing the garage pump station first as we are being charged \$5,000.00 per month for bypass pumps to keep it going.

With no other business a motion to adjourn was made by Alderman Ward. Second by Alderman Adams. Vote went as follows: Vice Mayor Broyles – Yes, Alderman Ward – Yes and Alderman Adams – Yes. Meeting adjourned at 6:10 p.m.
